

Health and Safety Policy

Scope

This policy is to minimise or remove the risk of accidents or injuries. Although the [Health and Safety at Work Act 1974](#) only applies to paid workers, volunteers must still be protected from risks.

Policy

u3a Gosport aims to provide and maintain safe and healthy conditions and environments for all members including during the meeting of u3a groups, monthly meetings and at events.

Insurance

u3a Gosport is covered by the insurance provided by The Third Age Trust. Further details about the insurance cover can be accessed on the u3a website www.u3a.org.uk/advice. If u3a Gosport is unsure if they are covered for any activities are being considered, they will contact the u3a Office for further advice. The Third Age Trust provides third party liability insurance; however extreme sports and high hazard activities may not covered. Please check before running an activity.

Risk Assessments

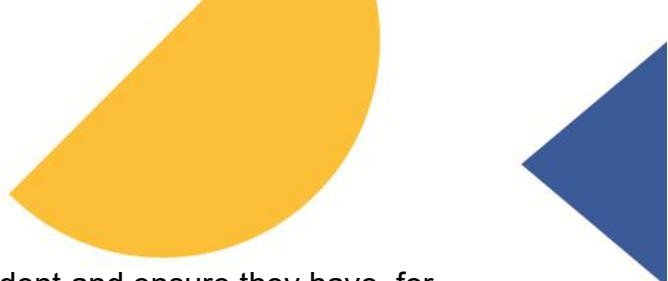

u3a Gosport will ensure the Committee, Group co-ordinators or those responsible for a meeting or event complete a risk assessment(s), as appropriate. These will be used to identify any risks and explore how they could be mitigated. u3a Gosport is aware that some venues used for meetings/events may already have their own risk assessment, these should be reviewed and where mitigations identified, ensure they are actioned. E.g. a venue may state that no more than 5 chairs should be stacked together and or nothing placed in the way of fire escapes. Where relevant, clear instructions and guidance should be provided to anyone who requires it. Further information, guidance and templates about risk assessments can be downloaded from the u3a website: www.u3a.org.uk/advice or [u3a Gosport Risk Assessments](#)

Responding to accidents/incidents and dealing with emergencies

In the event of an incident/accident the Chair or Vice-Chair of u3a Gosport should be informed as soon as appropriate. Where a u3a member is involved in an accident or incident whilst taking part in a u3a event u3a Gosport will ensure those who witnessed the event and were involved, complete an incident report. ([u3a Gosport Incident Form](#)) This must be completed and shared with those who need to have access to it, including the Committee Chair and kept on file. It will also need to be shared with the insurers in the event of an insurance claim.

Lone volunteering

There may be occasions where u3a members may be carrying out activities for u3a Gosport on their own. For example, opening a venue for a meeting, setting up for a meeting etc. Where this occurs the u3a member should ensure someone else knows where they are and when they should be expected back. The u3a member should also

know who to contact in the event of an incident or accident and ensure they have, for example, their mobile phone with them and avoid activities at height e.g. using a ladder.

Manual handling

All u3a members should think about manual handling in advance to avoid injury to themselves and others. Members should not carry out any manual handling tasks if they are not able to manage them and should ask for help from other u3a members.

Venues

Where u3a Gosport uses external venues who have their own policies and procedures and risk assessments u3a Gosport will ensure these are followed. This will include making sure all u3a members in attendance are aware of what to do in the event of a fire alarm/evacuation. If u3a Gosport is hosting an open day this will also include ensuring those who are not u3a members are also informed.

u3a Gosport will ensure this policy is kept up to date and reviewed annually.
